

Homework Assignment #1			
Lecture.Part	Pages	Problems	Number of Problems
1.1	26,27	13–38all	26
1.2	27,28	73–109eoo	10
	77,78	1–73eoo	19
1.3	48,49	17–85eoo	18
1.4	56	5–101eoo	25
	78,79	75–99eoo	7
2.1	70,71	5–89eoo	22
2.2	94,95	25–81eoo	15
2.3	106,107	9–97eoo	23
3.1	122,123	7–95eoo	23
	138	7–31eoo	20
3.2	132,133	23–51odd, 53–97eoo	27
	138,139	37–61eoo, 71, 73, 75	10
	316	7–21odd	8
	373,374	3–39odd	19
4.1	161	11–51eoo	11
4.2	185–187	11–95eoo, 101–109odd	27
4.3	172,173	3–15odd, 17–41eoo, 42–46all, 55–79eoo	26
	193,194	7–43eoo, 44–47all	14
5.1	219,221	5–25odd, 27–71eoo, 73–85odd	30
	227,228	9–25odd	9
5.2	219	61–71odd (actually 63, 67, 71 already done in 5.1)	3
	267,268	5–19odd	8
	407,408	7–51eoo, 53, 55, 69	15
			<b>415 problems total</b>
	<b>Grader Notes:</b>		
	Students need to get 90% of the problems done in order to be able to rework their exam.		
	“done” means that complete solutions are shown where there are many steps to solving the problem		
	so if they just show the answer to the question (like in the back of the book) that isn’t enough		
	unless it is just a quick response type of problem		
		Score (rounded to whole number) =	$\frac{\text{Total Problems “done”}}{415 \text{ problems total}} \times 100$
